

ORDERING PENN REEL PARTS ON THE FISHERMAN'S HEADQUARTERS WEBSITE

You will need the seven (7) digit **Penn Part SKU#** to order Penn Parts on this website. This is often referred to on Penn schematics and documents as the NEW PENN PART NUMBER or MATERIAL #. If you do not have documents from Penn with this number, please click to view our **Penn Reel Parts List SKU** PDF Data File to determine the correct Penn Reel Part SKU Number.

To view Penn Reels Factory schematics, visit <http://www.pennfishing.com/PENN-parts.html> . Once here, click the box for Schematic Category which you desire; CONVENTIONAL REEL SCHEMATICS, SPINNING REEL SCHEMATICS, BAITCAST REEL SCHEMATICS, or DOWNRIGGER SCHEMATICS. If you can't locate desired schematic, email us for possible assistance.

INSTRUCTIONS & CONSIDERATIONS

- **Comments on the attached PENN REEL PARTS LIST SKU PDF**
 - Penn Reel Parts are Sorted by the "**CLASSIC PENN PART #**" on the PDF
 - Classic Penn Parts #'s are displayed with a space replacing any dash (-) in text
 - Classic Penn Parts #'s may be displayed with a leading ZERO to create a 3-digit prefix
 - Use FIND (Ctrl+F) to search the PDF document

- **Before Ordering Parts**
 - Please consider the availability comment in "**STATUS**" column on the PDF
 - No Longer Available (NLA) items are most likely unable to be acquired
 - Once Sold Out (OSO) items might still be able to be acquired but are problematic
 - Still in Production (SIP) items should be able to be acquired
 - Periodically any items may be difficult to acquire

- **To Order Parts on Website**
 - You need to know the correct "SKU #" for the item(s) that you desire to order
 - Type that correct "SKU #" into the website search box in the upper right-hand corner
 - Sorry, some items may not be listed on the website
 - Once "search" locates, Click to view and purchase, complete order by following prompts.

- **Website Prices are Subject to Change Without Notice**

Reel Parts for out of production Penn Reels are disappearing fast. Both Penn Reels & Fisherman's Headquarters have made efforts to identify Penn Reel Parts that have been discontinued or in short supply; however, this is not a 100% guarantee of status or availability. Additionally any Penn Reel Parts not listed may be no longer available or are too new to have been listed.

~We apologize for any inconveniences that you may encounter. Patience is required when ordering Penn Parts.

Technical issues and assistance for in and out of production Penn Reels can be discussed with Penn Reels Factory Support by contacting Larry Campbell, the Penn Reel Specialist in Philadelphia, PA at either phone number 800.892.5444 x6572 or 215.228.6572. Mr. Campbell should be able to provide you with technical or parts support and possibly disposition for your reel. Mr. Campbell has great Penn Reels knowledge and is a very busy individual. You may need to leave a contact phone number on his answering message for follow-up.

Thank you!
